

Polperro Primary Academy  
and the Orwell Society invite  
you to attend the

## George Orwell Polperro Project Exhibition

7pm on Friday 3<sup>rd</sup> October  
at Polperro Primary Academy

Polperro Primary Academy was awarded the 2024/5 Orwell Society School Award and used it to create a nature-based project inspired by George Orwell's love of the natural world, which he discovered during childhood visits to Polperro. The school organised expert talks and creative workshops, culminating in a fictional "found" sketchbook by Orwell, filled with students' drawings, writings, and poetry about local wildlife. The project enriched pupils' vocabulary, teamwork, and artistic skills while deepening their understanding of nature and sustainability. We are grateful to the Orwell Society for providing the funding to make the project possible and to the Polperro Arts Foundation for funding the art elements of this project.
